

# NuInt14

## Closing remarks

**Morgan Wascko**  
**2014 05 24**

# Why we need NuInt

NuInt is a forum for free and lively discussion of matters at the heart of the field

# Why we need NuInt

*T Katori*

It's also a training ground for young scientists...

# Why we need NuInt

*T Katori*

...who have their chance to participate in the debates.

# The slides

- I've posted the slides on my home page:
  - <http://www.hep.ph.ic.ac.uk/~wascko/nuint14/index.html>
  - (If you search for “morgan wascko”, all my homepages now have a link to the slides.)
  - We'll eventually get them all on the official IOP webpage.
- 
- Also, please send me a PDF of your posters for the webpage.

# Proceedings

- We will have proceedings.
- Publish them online only.
- Will determine page limits etc. soon and be in touch via email.
- NuInt proceedings are a good opportunity to put strong opinions down in writing. Please contribute yours!

# Congratulations!

Mike Wilking, winner of the NuInt14 poster contest

# Thank you!

Many thanks to Amy Fitzgerald, IOP, for organising this wonderful week for us!

See you in Japan!

Thank you for your  
attention!

ご清聴ありがとうございました
